Notice to Taxpayers

IMPORTANT!

ALL TAXPAYERS SHOULD READ THE FOLLOWING
REQUIREMENTS AND COMPLY WITH THEM

Maine Revised Statutes Annotated, Title 36, Section 706

Before making an assessment, the assessor shall give reasonable notice in writing to all persons liable to taxation in the municipality to furnish to the assessors true and perfect lists of their estates, not by law exempt from taxation, of which they were possessed on the first day of April of the same year.

The notice to owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayer.

IF NOTICE IS GIVEN BY MAIL AND THE TAXPAYER DOES NOT FURNISH SUCH LIST, HE IS THEREBY BARRED OF HIS RIGHT TO MAKE APPLICATION TO THE ASSESSORS FOR ANY ABATEMENT OF HIS TAXES, UNLESS HE FURNISHES SUCH LIST WITH HIS APPLICATION AND SATISFIES THEM THAT HE WAS UNABLE TO FURNISH IT AT THE TIME APPOINTED.

The assessors may require the person furnishing the list to make oath to its truth, which oath any of them may administer, and may require him to answer in writing all proper inquiries as to the nature, situation and value of this property liable to be taxed in the State; and a refusal or neglect to answer such inquiries and subscribe the same bars an appeal but such list and answers shall not be conclusive upon the assessors.

Veterans and others entitled to Tax exemptions shall file application and documentary proof of entitlement on or before April 1.

Except as exempted by law:

- a. Real estate in Cranberry Isles is taxable in Cranberry Isles.
- b. Personal property in Maine owned by a resident of Cranberry Isles is taxable in Cranberry Isles.
- c. Personal property kept in Cranberry Isles and owned by a non-resident of Maine is taxable in Cranberry Isles.

Board of Selectmen
Town of Cranberry Isles
Cranberry Isles, Maine

Gentlemen:

We have examined the financial statements of the various funds of the Town of Cranberry Isles for the year ended December 31, 1986. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the financial statements listed in the aforementioned Table of Contents, present fairly the financial position of the Town of Cranberry Isles at December 31, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented per statutory requirements. The information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in our opinion, is fairly stated to the financial statements presented within.

Sincerely,

Sawyer & Sawyer

CRANBERRY ISLES SCHOOL DEPARTMENT

1986 Administrative Report

To the School Committee and the Citizens of Cranberry Isles:

The enrollment of the schools of Cranberry Isles as of October, 1986, is as follows:

Great Cranberry:

K	1	2	3	4	5	6	7	8	Total
0	3	2	0	0	0	0	1	1	7

Islesford:

K	1	2	3	4	5	6	7	8	Total
2	2	0	0	0	0	1	0	1	6

Cranberry Isles also has six students enrolled in high school.

We are pleased to welcome Barbara Stainton to the Cranberry Island School and Sharyl Oster to the Islesford School as teachers this year. We wish to thank Juliette Giarrusso and James Bidwell for their contributions to the students on the island. We wish them both good fortune in the future.

Last year the citizens, teachers, and School Committee members on the island developed a School Improvement Plan. This year we will be having a visitation committee from Augusta review the school and the appropriateness of the School Improvement Plan. We are also taking steps to implement the appropriate suggestions in the plan. This spring our intention

is to update the plans for the ensuing five years, once again. This way we will be able to look to the future as far as school programs and school housing are concerned.

In the area of school housing, we are exploring the future of Great Cranberry Island School facilities in lieu of increased number of students in the future. It is likely that we will ask for assistance of the townspeople on Great Cranberry in determining what steps we should take to accommodate larger classes in upcoming years.

One major project which the School Committee undertook last summer was that of reroofing, painting, and replacing windows at the Longfellow School. The school appearance has been improved and the structural integrity is once again protected as it should be. The Longfellow School contribution to the island is significant in that it serves not only as a schoolhouse, but also the library for the town and the office for tax assessors; therefore it is appropriate that this building should be maintained to carry out its various functions and also give a favorable appearance to visitors and island residents alike.

We wish to thank the School Committee members for their time and effort which they have given to the schools and students of Cranberry Island, and also look forward to 1987 and further progress on the goals which we have set before us.

Respectfully submitted,

Judith A. Cox
